

BLOOD BANK OF ALASKA

Helping Alaska patients in need.

High School Blood Drives

Why should you get involved?

- Blood Bank of Alaska is the only blood bank in Alaska.
- Our community depends on blood donations to maintain the blood supply.
- In Alaska you can begin donating blood at age 16.
- Donating blood is an easy way to express your need to make a difference.

Getting Started:

- Contact mobile collections to find out when a scheduled drive is at your school. (907) 222-5633
- Find out who the designated Drive Chair is and see how you can help.
- Advocate and spread the word. The more students that participate the more lives can be saved.

Current Participating Schools:

ASD High Schools

- Bartlett High School
- Chugiak High School
- Dimond High School
- Eagle River High School
- East High School
- Service High School
