## PUBLIC SERVICE ANNOUNCEMENT

### ConocoPhillips Supports the Community through a Donation to Blood Bank of Alaska

Anchorage, Alaska – ConocoPhillips consistently demonstrates their commitment to safety and the Alaska community with involvement in projects that make a difference. In 2013, ConocoPhillips extended this generosity to Blood Bank of Alaska with a \$50,000 contribution to the New Building Fund. This donation will support the new state-of-the-art laboratory facility to ensure that Alaskans have blood in times of disaster. ConocoPhillips presented Blood Bank of Alaska leadership with the check at the end of the year. In addition to this donation, ConocoPhillips employees host numerous blood drives that provide blood to Alaska patients in need every year. The new building is scheduled to break ground in June of 2014.
